Additional Comments

Anthony Berger, MD MPH FAAD specializes in the evaluation and management of diseases of the skin, hair, and nails. He is also a surgical (non-Mohs) and cosmetic dermatologist. He offers narrow-band UVB phototherapy for treatment of numerous skin conditions (particularly eczema and psoriasis). He completed his internship at Gunderson Health System in La Crosse, WI, and his ACGME-accredited dermatology residency at the University of Iowa Hospitals & Clinics. Dr. Berger has numerous first-author publications in notable academic journals and continues to be active in advancing the specialty. Dr. Berger provides the most efficacious and resource-conscious evidence-based treatment recommendations and modalities.

Dr. Berger prides himself on nurturing meaningful and enjoyable doctor-patient relationships. He is eager to make his referring providers confident that their patients will receive excellent care.
